Tita,  
 thank you for the CBI and non-CBI information we received today.

We will lock the CBI information in accordance with the CBI procedures.

For the meeting request, our management asked us to review the materials first and decide whether to have 1) a meeting at Chicago office, 2) a meeting at Tradebe site, or 3) no meeting at all.

We might have some question for the materials we presented. We will contact you for that.

Jae

For the CBI issue, you can mail us in a same way you did to the IDEM,  
By marking the documents confidential and place separately in an envelope marked confidential with enclosed letter justifying the confidentiality of the documents.

We will treat the CBI documents according to the CBI procedure of the US EPA.

I think the IDEM and EPA share same CBI procedures.

Hi Jae, thank you so much it is always good to catch up with you.

As discussed in our telephone conversation today, please find attached Tradebe's non-CBI information that was submitted to Mr. John Howard of IDEM. The information was provided in response to Mr. Howard's RCRA inspection information request.

The entire packet of CBI and non-CBI documents will be mailed to you tomorrow by UPS mail. One question before I mail CBI documents, will IDEM's CBI regulatory requirements apply to Region V (the documents are marked confidential and are placed separately in an envelope marked confidential also enclosed is a letter justifying the confidentiality of the documents), or will I be required to submit new CBI request to Region 5? I apologize for the details CBI.

Also for your consideration Tradebe's President, Sergio Nusimovich and myself would appreciate the opportunity to meet with Region 5 on November 1<sup>st</sup> or 2<sup>nd</sup>, 2016, to discuss any questions resulting from your review of the documents.

Respectfully,

Tita
